GLOBAL CONNECTIONS POWERING FLEXIBLE STRATEGIES

ONTILITY uses our dynamic distribution skills and solar-market expertise to flexibly address your excess-inventory concerns, building solutions that are a unique fit for you.

RETAIN MAXIMUM VALUE

We'll purchase your surplus so you can free up your inventory in a timely manner, recoup your investment, and minimize holding costs.

KEEP YOUR INVENTORY AGILE

ONTILITY can manage your new PV equipment needs at any point with competitive market pricing.

BUILD AN ONGOING PARTNERSHIP

Backed by our global network of vetted and proven industry contacts, we are experts at matching buyers and sellers to resell your solar assets.

ACHIEVE SUSTAINABILITY GOALS

When you sell your unneeded equipment to ONTILITY, new users can make use of your solar assets, supporting the circular economy and reducing e-waste footprints.

BENEFIT FROM KEEN MARKET VISIBILITY

ONTILITY's up-to-the-minute market intelligence of both pricing and demand means that we offer the most current evaluations of your stock to support the highest ROI.

ACHIEVE YOUR OPTIMUM INVENTORY SOLUTION

From solar modules to inverters, having surplus stock build up is a common issue many businesses in the solar market deal with. ONTILITY can offer you freedom in managing your solar equipment through our excess-inventory solutions, which offer you agility in your assets and operations – all while delivering the maximum return on your investment.
